

VIRTUAL SCHOOL (2020 - 2022)

- In the wake of the COVID-19 pandemic, G.H.S transitioned to virtual School in March 2020, to continue to provide our students with a learning experience that is aligned with our educational philosophy using the power of digital technologies.
- In the beginning of the session, the worksheets and the videos were sent to the children through E- learn Portal.
- We opted for Microsoft Teams which was not only safe and secure, but also had many robust features and applications to make learning more interactive.
- The Virtual School incorporated subjective and graded subjects for the benefit of the children.
- Our teachers designed and used a wide variety of creative and interactive teaching techniques and activities to enhance the level of understanding of the students.
- Teachers uploaded assignments and students duly submitted it to be evaluated.
- The holistic development of students was achieved through the sessions of Yoga, Music, Art, Quiz Competitions, Elocution which had a positive impact on both their physical health and mental well being. Assemblies, Inter House activities, events and competitions were conducted regularly. De- stress videos were uploaded from time to time to relax and relieve the students from the anxiety created by the pandemic.
- Special days like Teachers' Day, Independence Day etc were celebrated in the online classes. In the Pre-Primary section, activities like Art & Craft, story-telling dancing, singing were conducted on particular days called **FUNDAYS**.
- Birthday wishes were sent to the students of Pre-Primary section through special videos made by their teachers.
- For valid and authentic assessment and evaluation, the formative (on Microsoft Teams) and summative (on E-Learn Portal) assessments were conducted.
- Several opportunities were offered to our students, which helped them not only in learning but also in developing various life skills.
- In the upcoming session, we hope to commence offline classes. We further hope and pray that we never have to face the difficulties ever again that we went through during the pandemic and the school once again resonates with cheer and laughter of our students in the campus.
