

Safety guidelines regarding the vehicles used by the students to commute to and from the school

All parents are requested to ensure that any vehicle arranged for their child's transportation (private vans, autos, or other hired vehicles) complies with the necessary safety and legal requirements. Kindly ensure the following:

1. The vehicle is properly registered and all documents (RC, insurance, fitness certificate, and pollution certificate) are valid.
2. The driver possesses a valid driving license and has undergone a recent medical fitness test.
3. Police verification of the driver has been completed.
4. The vehicle is not overloaded and is in good condition, with properly functioning brakes, lights, and doors etc.
5. Basic safety measures such as a first-aid kit and fire extinguisher are available in the vehicle.
6. A female attendant/helper is present in vehicles.

These measures are essential to ensure the safety and security of all students. We request your full cooperation in strictly adhering to these guidelines.
